QUALIFICATION AND ASSESSMENT DETAILS

Programme Title	OCC: Software Developer
Module Title	Web Development
Module Code	WEB512
NQF Level	5
Assessment	Formative Assessment 1
Hand Out Date	21/04/2026
Hand in Date	29/04/2026
Total Marks	100
Developer	Lethabo Chigo
Internal Moderator	Lerato Tsoehlisi
Internal Moderator	Michelle Du Toit
External Moderator	

Student Name and Surname	Damien von Allemann
Student Number	20251740

Instructions

- Read each question carefully and consider the mark allocation before answering.
- Ensure you answer all questions.
- For final submission, include the Declaration of Authenticity, Pe-Assessment Document, Assessment document, Python Scripts, PDF document containing screenshots, and all the relevant files required to answer the questions in a zip folder.
- Only a .zip will be allowed for zipped folders
- Please include relevant images in your answer sheet for each question to help illustrate and support your response where required
- Font style to be used Arial Black 12pt, unless stated otherwise by a question
- Additional references using Harvard style
- Take screenshots of your code and output and add them to a document clearly stating the question it belongs to and save it as a pdf with the following naming convention:
yourName_FA1_Screenshots.pdf
- Marks will be deducted for missing or incorrectly named documents

ASSESSMENT OUTCOME

- KM-06-KT06: HTML5
- KM-06-KT07: CSS

QUESTION 1

(20)

You are an aspiring **digital creator and developer** building your personal brand online. You've been asked to design a **"Profile Hub" website** that represents you as a multi-skilled professional (developer, creative, or tech enthusiast).

This website will act as your **central online presence**, where potential employers, collaborators, and clients can learn about you, explore your work, and contact you.

Your goal is to design a **modern, responsive, and interactive website** that reflects your personality and technical ability.

Instructions

Create a **Profile Hub Website** with **at least 5 pages** that demonstrate:

- Clean design
- Strong structure
- Basic interactivity
- Consistent styling

Your website must feel like a **real professional platform**, not just a school project.

Requirements

1. Landing Page (15 marks)

- A **hero section** with:
 - Your full name (3)
 - A personal tagline (e.g. *"Future Software Engineer"*) (3)
- A **featured introduction section** (brief overview of who you are) (4)
- A **call-to-action button** (e.g. "View My Work" or "Contact Me") (3)
- Navigation menu linking all pages (2)

2. Profile / About Section (15 marks)

- A structured biography using **semantic HTML tags** (5)
- A **skills showcase**:
 - Use lists or icons (5)
- Add a **"What I'm passionate about"** subsection (5)

3. Work Showcase (Portfolio) (20 marks)

- Minimum of **two projects** (10)

Each project must include:

- Project title (2)
- Description explaining purpose (2)
- Image/screenshot (2)
- Button or link (e.g. "View Project") (2)
- Technology used (e.g. HTML, CSS) (2)

4. Journey Section (Education & Growth) (15 marks)

- Education displayed using a **table** (5)
- A **timeline-style list** for:
 - Work experience OR learning journey (5)
- Proper headings, spacing, and structure (5)

5. Connect Page (15 marks)

- A styled contact form including:
 - Name input (2)
 - Email input (2)
 - Message box (3)
 - Submit button (3)
- Display:
 - Email address
 - Phone number
 - Location (5)

6. Styling & Layout (20 marks)

- External CSS file (3)
- Consistent color theme & typography (5)
- Styled navigation bar with hover effects (5)
- Use **Flexbox or Grid** for layout (5)
- Add at least one **visual enhancement**:
 - Animation, hover effect, or transition (2)

End of Assessment

MARKING RUBRIC

Criteria	Excellent (15–13)	Good (12–8)	
Content Structure &	Clear name, strong intro, tagline, and CTA button present	Missing one element OR intro is weak	Missing multiple elements or unclear content
Visuals	Professional image and visually appealing layout	Image present but low quality OR layout is basic	No image OR poor layout
Navigation	Fully functional navigation linking all pages	Navigation present but minor issues	Navigation missing or not working

Criteria	Excellent (15–13)	Good (12–8)	Needs Improvement (7–0)
Structure	Well-organized with proper semantic HTML (header, section, etc.)	Some structure but lacks semantic clarity	Poor structure, no semantic tags
Content	Clear biography, skills list, and passions included	Missing one element OR lacks depth	Minimal or unclear information
Presentation	Easy to read, clean formatting	Basic formatting	Poor formatting, hard to read

Criteria	Excellent (20–16)	Good (15–8)	Needs Improvement (7–0)
Projects	Two or more complete projects included	Only one project OR incomplete projects	Few or no projects
Project Details	Each project includes title, description, image, link, and technologies	Missing 1–2 elements per project	Missing most elements
Design	Well-styled, visually appealing layout	Basic styling	Poor or no styling

Criteria	Excellent (15–13)	Good (12–10)	Needs Improvement (9–0)
Education Table	Clear, well-formatted table	Table present but basic	Missing or poorly structured
Experience	Structured timeline/list clearly presented	Present but lacks clarity or structure	Very limited or missing
Formatting	Good use of headings and spacing	Some formatting applied	Poor formatting

Criteria	Excellent (15–13)	Good (12–10)	Needs Improvement (9–0)
Form Elements	Complete form (name, email, message, submit)	Missing 1 element	Incomplete or missing form
Functionality	Form is clear, usable, and well-structured	Works but basic	Not functional or confusing
Contact Details	Includes email, phone, and location	Missing one detail	Missing most details

Criteria	Excellent (20–16)	Good (15–8)	Needs Improvement (7–0)
CSS Implementation	External CSS used correctly	CSS used but inconsistent	Inline CSS or none
Design	Strong colour scheme, typography, spacing	Basic design	Poor visual design
Layout	Effective use of Flexbox/Grid	Limited layout usage	No structured layout
Navigation Styling	Styled menu with hover effects	Basic navigation styling	No styling applied
